Summary

My name is Kushagra Mittal, currently pursuing Bachelor's in Computer Science & Engineering, aims to secure a challenging position in a reputable organization where I can utilize my technical skills and expertise in Frontend Development, Competitive & Logical Programming, Frameworks, and Data Storing to contribute to the growth of the company while showcasing my communication and team leading qualities.

Skills:

- Proficient in HTML5, CSS3, JS, C, C++, Python, Java, Swing, React.js, Spring, Data structures and Algorithms.
- Strong background in Java development with experience in building web applications using React.js, Spring Boot, and other modern technologies.
- Excellent communication skills, both written and verbal, with the ability to convey complex technical concepts in a clear and concise manner.
- Proven leadership qualities with the ability to lead and manage teams to deliver high-quality projects within tight deadlines.
- Experienced in developing and implementing efficient and scalable software solutions.
- Analytical and detail-oriented with excellent problem-solving skills.
- Self-motivated, proactive, and adaptable with a strong desire to learn and stay up-to-date with the latest trends and technologies.
- Results-oriented with a track record of delivering successful projects that meet or exceed client expectations.
- Excellent time management skills with the ability to multitask and prioritize tasks effectively.
- Goal-driven with a focus on delivering value to clients and the organization.
